Atomic Diplomacy - how effective?

What actual difference did it make for
US to have Bomb?

(What would prob. have been diff. if not?)

Hypoths:

1. Division of Germany (45 years!)

2. West Berlin in Western hands (1948... 1958-62...)

3. Remnant of Germany
NATO (ex Marshall Plan)

meaning
non-comm

US role in Europe

4. SU out of Azerbaijan, northern Iran
(Iran? ME?)
Suez? Egypt...

5. China/US in Qing-Mongolian
Panion!

6. (Would US have intervened in Korea without
"Trip card" in reserve? or built up NATO?)

(3)

7. South Vietnam, 1954-75

without SU bomb:

- US invades Cuba, 1962

- US uses bomb at Dien Bien Phu (?) '54

France holds on to NVN for X years

without Chinese ^{etc} Bomb

US uses Bomb in '68? ('65?)

'72? (attacks China
now in '65?)

US intervenes in N. Vietnam '56?

without Israeli Bomb:

Israel doesn't get first bomb in '73
(Samson Option)

then what? Might they have
lost? (M. provided) or just...

Would they be subject to threat of invasion
now? Since '73?

If AQ gets Bomb ... how does the world (+US) change?

Iran? others? (Egypt, Saudi, Taiwan;
Japan ...)

FU? (Palestine, India?)
US / Iran?

Great error of elites/public:

believing that Eisenhower's threat of A-war
in 1953 in Korea was a bluff or in Taiwan

John 3 Real closure to SIOF war in 1962:

① K initiated NATO deployment (+ Turkey)

② and delegation (of FROG's)

US didn't know; JFK would continue to live if

plan shut down; ③ K didn't control Castro (and didn't

K delegation to SU committee in Cuba -
another episode of a ^{secret} "dangerous alert"

which might have triggered it unwittingly...

(MacArthur: SU planned to prompt "decision"
of US/NATO to fire nukes)

or in Dr. Stengrove - Pearl Harbor on Roosevelt

or Lockhart: delegation to ministers and at
Pill Davis

or Cuban AA, out of K's control

or South African nukes

False Alarm

~~It~~ of Nicaragua was to ~~be~~ prevent
an attorney-messy invasion

if it was to compel an attorney-
watermelon surgeon (or is this
and the Emperor)

it was a false alarm

a massacre "based on" a false
sense of "nervousness"

if US did not intend to invade Cuba
(i.e. if prob was 0 or low, rather than
1 or high) is full of Cuba

The K's deployment of missiles to Cuba
was based on a false alarm

(it only based on a "spoof" by US-
experts, (mission plans) hints
(what did give K the brief?)
